More Milk For Better City, Slogan For "Milk Week"

Madison Averages Glassful of Milk a Day, Says Babcock; Campaign Feb. 21-26 to Stress Health Necessities of Children

MORE Milk for a Better Madison! This is the idea back of the Milk Week which has been scheduled for Feb. 21-26.

The city of Madison averages only a little more than a glassful of milk a day, according to E. A. Babcock, of the city health department, who is in charge of milk inspection. The purpose of Milk Week is to get Mr. Madisonian, his wife, and family to fill that second glass and drink it.

To be in really good physical condition a town should use a pint of whole milk a day per capita. Madison uses considerably less than three-quarters of a pint, according to the figures presented by Mr. Babcock. Taking, October, 1920, as a representative month, Mr. Babcock presents these figures on Madison's milk supply: Population of Madison, 28,383; students, 7,004; suburban population, 5,617; total, 51,004. Quarts of milk sold daily, 16,057. Average of milk consumption, 31 quart, which is just about two table-spoonfuls more than a glass of milk. The price of milk is 10 cents a quart, the supply is declared to be clean and of good quality, and large enough to meet the city's demands.

Back of the campaign are all the schools of the city, the city health service, parent-teacher associations, the local merchants, the Association of Commerce, the college of agriculture, and the United States department of agriculture. Miss Jessie Hoover, representing the department of agriculture, was in Madison recently to lend her aid in beginning the campaign in the schools. She outlines the purpose of Milk Week in this way:

"The low standard of child health in the United States and the revelations of under-nutrition among men examined for military service have aroused the whole nation to consider how better health may be had. The increased use of milk, especially by children, is one of the first means to be considered."

"Madison schools are doing wonderful work in this health movement," says Mrs. Nellie Kezlar Jones, chairman of the Milk Week campaign. "Public, private, and parochial schools have all enlisted under the 'Use More Milk' banner."

A contest for the best essay on Milk and another for the best poster are being conducted in the fifth, sixth, seventh and eighth grades of all the schools in the city, and three prizes in each grade are offered in both contests. Work on essays and posters was begun some time ago. Miss Margaret McGilivray, art supervisor of the public schools, has charge of the poster contest, and Miss Carolina Mosely, head of the English department in the Madison high school, is supervising the essay contest.

Other special features will be the flying squad of speakers who will talk at every school and there distribute leaflets on the value of milk. Miss Gladys Stillman, who has charge of this part of the campaign, has organized a squad to give 10-minute talks.

The square will be a center of interest during the five days of the milk campaign, for various features have been planned to center there, especially on Feb. 22. Washington's birthday has been fittingly dedicated to the purpose of teaching Young America the lesson of better health. A special children's performance will be given at the Strand theater in the morning and at the university gymnasium in the afternoon. The Association of Commerce, aided by men's organizations, plans to put on a parade around the square at noon that day.

STATE FARM MEET OPENS TOMORROW

Vital Problems to Confront Get-Together Conference Here

MARKETING IS STRESSED
Shortening Distance to Markets Will be Main Problem Discussed

Delegations of farmers coming to the Get-Together conference which opens here tomorrow, are headed for Madison from at least a dozen different counties. Each delegation is led by the county agent.

Rufus Kunkle, secretary of the Fond du Lac county farm bureau, is accompanying a delegation of Fond du Lac county farmers. Included in the party will be Halle Hill, R. A. Shafer, C. L. Finder, Karl Smith, Dennis Connors, Frank E. Morrison, George Berner, George Pat, Simon Schmitz, William Timlin, Chas. Hinn, and Fred Stroup. It is expected that the Fond du Lac delegation will be accommodated in their Pullman car, which will be side-tracked at the Northwestern station.

The Brown county delegation will include Frank Blom, president of the Brown county Pure Breed Seed Growers association and Emil Jacobson, and Joseph Vanderplas, one of the leading farmers of the county.

The other county agents who will lead delegations are: Frank Swoboda, Marathon county; R. B. Southworth, Chippewa county; R. A. Kolb, Taylor county; A. H. Cole, Lincoln county; J. M. Coyner, Jefferson county; R. P. Glasco, Rock county; G. A. Sell, Winnebago county; J. N. Kavanagh, Brown county; W. E. Spreiter, La Crosse county; W. J. Rogan, Juneau county, and L. J. Merriam, Walworth county.

Two important changes have been made in Tuesday's program owing to the fact that Dr. Alonzo E. Taylor has found it necessary to leave for Vienna, Austria, one day earlier than he originally planned. His first address, The World's Food Supply, will be given at 11 o'clock tomorrow morning and at 8 in the evening he will talk on The World's Buying Power. Both addresses will be given in the auditorium of Agricultural hall. The illustrated lecture which was to have been given

Baby is Born After Woman Dies in Crash

(By the Associated Press)
MILWAUKEE, Wis.—A woman, the mother of six children, was killed, two persons may die and four others were seriously injured when their automobile was struck by a speeding C. & N. W. passenger train early today about 20 miles south of this city.

An unusual surgical feat was performed when a child, a baby girl, was born at a hospital in Racine through a caesarian operation several minutes after the woman had succumbed. The child will live, physicians said.

HIGHWAY ROAD SCHOOL OPENS

Tenth Annual Session Begins Today; Meetings to be in U. W. Buildings

That automobile owners should be required to take out insurance so that the public should have some relief in case of accidents and that every person who drives an automobile should have a license were some of the laws urged by John A. Hazelwood, Madison, speaking before the opening of the Wisconsin Highway commission road school here Monday afternoon in Music hall, university.

It is expected that before the end of the week's conference 800 will be in attendance. A large display of tractors and plows is being exhibited on the university grounds.

"The people of Wisconsin," said Mr. Hazelwood, "have liberally taxed themselves for good roads. There is over \$25,000,000 available to spend in 1921 and that is about the amount of money that we will be able to expend economically."

The material situation has improved during the past six months. It now looks as if we are going to get stone, gravel, and sand at a reduction of from 20% to 30% on last year's prices. The labor market is easy and we are assured that we will be able to secure road work done for 20% less than during the past two years. It appears logical this year to use as many of the unemployed as possible. It is going to take a year to adjust the industrial conditions of this country, and in my judgment there is no better way to tide over this period of time than to build mile after mile of good highways."

Massachusetts has had on auto driver's license act on their statute books for ten years. Massachusetts holds second place among the forty-four states on the list of least motorists killed while Wisconsin holds nineteenth place.

Wisconsin will have over 300,000 motor vehicles this year. This fact indicates somewhat the fund that will be received from licenses. I would suggest that the money received from such source be distributed as follows:

First, 25% of this fund should be returned to the counties for the running of the committees to expend for county parks and for the planting of trees and shrubbery for the prime purpose of preventing snowdrifts in the winter time.

Second, 10% of the funds should be set aside and used for the purpose of keeping the present marking system on our state trunk highways up to standard and to provide other direction signs and markings along our highways. This would relieve the counties of this responsibility.

Third, 15% of this fund should be allotted to the conservation commission for the purpose of building and maintaining roads to and through state parks and across state lands.

Fourth, 50% of this fund should be turned over to the regular state highway fund.

Up to noon 150 highway commissioners and other road men had registered at the road school. Registration trains brought new registrants. Nearly 700 are expected to attend. The formal program began at 2 o'clock when Gov. John J. Blaine officially welcomed the road men. John A. Hazelwood, chairman of the commission, presided.

The response to the address of welcome was made by Henry Mink of Lancaster, president of the Wisconsin County Highway Commissioners' Ass'n. Good roads are essential to modern marketing, said Edward Nordman, state marketing director, who followed Mr. Mink. E. O. Hathaway, federal district engineer, pointed out the reasons for federal aid, its results and its future. Public works as a business enterprise were discussed by J. G. D. Mack, state chief engineer.

ALLEN AND NEVIN NOT TO BE RETAINED?

Members of the Railroad Commission and Conservation Body Terms Expire

ROSA TO BE NAMED
Clough Gates Said to be Slated for Reappointment on Normal Board

Although the term of John S. Allen as state railway commissioner expires today, no appointment of his successor will be made for some time. The fact that Mr. Allen has been notified by Gov. Blaine that he will be retained is an indication that he will not be appointed. A number of men have been under consideration for this position, but from authoritative sources it is learned that Gov. Blaine does not intend to send any appointment to this position this week. Mr. Allen was appointed on the railroad commission by Gov. Philip.

It is expected that there may be several appointments during the coming week. The terms of office of Clough Gates, Superior, as member of board of normal regents, expires this week. From what can be learned it is apparent that Mr. Gates will undoubtedly be reappointed. Three appointments will probably be made upon the state fair board within the next ten days. This is an advisory board and the terms of office of three of the officials expire during the next ten days.

The term of James Nevin on state conservation commission also expires next week and there seems to be a feeling in legislative circles, that in as much as Mr. Nevin has not been advised that he will be retained that a new man will be selected for that position. It is possible that in addition to the appointments on the state fair board the governor may send an appointment on the state tax commission this week. While no official statement has been made there seems to be a consensus of opinion among leaders that Judge Chas. D. Rosa, Beloit, will be selected for this job.

V.L. Berger Says Conspiracy Has Been A Failure

(By the Associated Press)
MILWAUKEE, Wis.—"The conspiracy has failed, and I have nothing to retract from anything I have written or said about the war or about those who pushed us into this war," declared Victor L. Berger today when he appeared before the Associated Press of the decision of the U. S. supreme court.

Mr. Berger's statement follows:

"In view of the plain wording of the federal statute of 1913, compelling a federal judge to give way to another judge whenever a sworn affidavit of prejudice is filed, and also because of Judge K. M. Landis' public utterances about German-Americans, Socialists, and radicals before and after the trial—the decision of the supreme court could not be any different and stand the light of reason."

"Still, I had this decision as the first real sign of returning sanity in our ruling class."

"As a matter of fact, the Chicago trial was simply a conspiracy of the 'Paytrollers' and the profiteers against the Socialist party. I was picked out as the one member of the National Executive committee of German extraction and because the Socialist party is strong in Milwaukee and furthermore, because I dared to be a candidate for the United States senate against Woodrow Wilson's favorite."

"If what I said or wrote was error, citizens holding contrary opinions had an equal right to speak and publish their opinions, so that the public might hear both sides."

"As to my patriotism? Well, I have proved my love for this 'my country' by a life of labor in it and for it; by striving constantly with all my energy to improve the condition of my fellow men."

"And finally, I have proved my love for America, my faith in America's justice, by risking my liberty in defending the constitutional right of all American citizens to freely and fully discuss the official acts and policies of their public servants."

"The law under which such suppression was enforced is a flat denial of rights guaranteed every citizen by the constitution of the United States."

Landis Is Silent
(By the Associated Press)
CHICAGO—Federal Judge K. M. Landis, when told that the supreme court had reversed his decision in convicting Victor L. Berger and four other members of the Socialist party for violation of the espionage act refused to discuss the matter.

"I decline to discuss the matter at all," the jurist said, and walked away.

President Wilson Today Refuses to Commute Term of Socialist

BULLETIN
(By the Associated Press)

WASHINGTON—The effect of the court's decision is to remand the cases to the appellate division which will issue orders for a reversal and a new trial before some other federal judge.

(By the Associated Press)
WASHINGTON—Conviction of Victor L. Berger and four other members of the Socialist party for violation of the espionage act was reversed today by the supreme court on the ground that Judge Landis should not have heard the suit after his eligibility had been attacked.

Those convicted with Berger in the federal court at Chicago were Adolph Germer, national secretary of the party, Wm. F. Kruse, editor of the Young Socialist magazine, J. Louis Engdahl, and Irwin St. John Tucker.

Within a few minutes after the courts decision had been announced, Pres. Wilson refused to commute the ten year sentence imposed on Eugene V. Debs, many time Socialist candidate for president, for a violation of the same law.

The court divided six to three. Berger's cause, Justices Day, Brandeis and McReynolds dissenting. Berger and the four men were convicted under the section prohibiting attempts to cause insubordination and disloyalty in the naval and military forces and sentences ranging from ten to twenty years were imposed.

The appeal was brought to the supreme court on the ground that Judge Kenesaw Mountain Landis, who presided at the trial, had shown "Personal bias and prejudice" against the defendants because of their nationality.

The majority opinion held that the affidavit of prejudice filed by Berger against Judge Landis was sufficient to have caused his withdrawal from the case and that Judge Landis himself was not justified in passing upon the affidavit.

Justice Day, who filed a dissenting opinion, held, however, that the mere filing for an affidavit should not be accepted as sufficient evidence of the unfairness of the judge. The Berger affidavit should not be taken at "face value" he said, because the "facts" therein had been made solely on "information and belief" and no attempt was made to substantiate them.

The effect of the majority opinion, Mr. Day said, would be to place the federal courts at the mercy of the defendant and certainly will greatly retard the machinery of justice.

"The case seems to me to be fraught with dangers of interference with the orderly conduct of the business of the courts," he continued.

It should not be of any importance to any judge that he sit in any particular case, the majority opinion said and only a false affidavit of prejudice would remove the protection the law gives the defendant in such cases.

WASHINGTON—President Wilson refused today to commute the ten year sentence imposed upon Eugene V. Debs, for violation of the espionage act.

The president disapproved a recommendation of the department of Justice that Debs' sentence be commuted to expire on next Feb. 12.

GOVERNOR OF MAINE IS SUMMONED BY DEATH
AUGUSTA, Maine—Frederick H. Parkhurst, governor of Maine died today. He failed to recover from the effects of a diphtheritic infection under the tongue with which he was attacked three weeks ago. Apparently when he took chills and became unconscious. Death followed at 4:15 a. m. today.

POLICE RESCUE STOLEN WOMAN

Mrs. Witherell Held Prisoner on Ranch; 2 Men Arrested

BULLETIN
(By the Associated Press)

LOS ANGELES—The police said A. J. Carr told them he and his cousin kidnapped Alice Clark in Spokane, Wash., several years ago and a woman whose name was not made public in Denver, Colo.

In both cases he said, they were forced to drop the girls before they went through with the job and so received no ransom.

(By the Associated Press)
LOS ANGELES—Mrs. Gadyrs Witherell, who disappeared from her home here last Tuesday, was found early this morning, a prisoner in a small house on a sheep ranch, eight miles east of Corona, Riverside county, about 70 miles southeast of Los Angeles, according to telephone messages to the Associated Press.

Mrs. Witherell was unharmed. Two men, who gave their names as A. J. and Floyd Carr, cousins, were arrested.

The discovery of Mrs. Witherell and the arrest of the two men were effected by Los Angeles police and deputy sheriffs who started for Los Angeles with the woman and the two arrested men.

The officers said the Carrs confessed they had felt toward the woman's father-in-law, A. J. Witherell, because of a transaction involving a boat, and that they kidnapped Mrs. Witherell both to obtain revenge and ransom money, of which, it was said they had demanded \$20,000.

CHARGE YOUTH ATTACKED GIRL

Police Arrest W. Murray for Assaulting 5-Year-Old Tot

White Marsh Murray pleaded guilty this morning in superior court to the charge of assaulting a little girl of five years. He is alleged to have induced the child to enter a vacant house. Murray, who is about 23 years old, was remanded to the custody of the sheriff pending further investigation of the case.

Thieves Attempt to Enter G. Lange Home

An attempt at burglary was made at 8 o'clock Sunday morning on the home of Gottfried Lange, 944 E. Dayton st., but the would-be-thieves escaped without even having gained entry to the house.

Otto Lange, one of Mr. Lange's sons, heard a noise coming from the direction of the kitchen. He hurried out and found two men trying to get in through the kitchen window. When they saw him, they turned and fled. Mr. Lange fired a couple of shots at the speeding pair, but did not hit them. They had not entered the house at all, it is believed, for nothing was missing.

Lawrence Case Goes To County Board

The matter of appropriating funds with which to conduct a prosecution of the alleged Lawrence murder mystery will be put up to the county board, which is in session here, some time this week, according to a statement today by Theodore G. Lewis, district attorney. He declared that he would not attempt to bring the question before the board tonight.

Mr. Lewis also stated that there were no new developments today and that there would be no arrests for some time.

German Chess Player Denied Entry to U. S.

WASHINGTON—Emmanuel Lasker, noted chess player, has been denied permission to visit this country enroute to Havana, for a world's championship match with Capablanca. It was said at the state department his application for passport visa had been refused under the ruling denying permission to enter the country to German nationals unless a showing was made justifying waiving the restrictions.

MONEY FOR HUNGRY CHILDREN STOLEN

"Meanest Thieves" in City Steal Boxes With Coins for Hoover Fund

Characterized as the "meanest thieves" in Madison are the persons who have stolen a number of boxes containing contributions for the starving children of central Europe. Says the local treasurer of the Hoover fund.

"The inhumanity of persons in this city was shown by the fact that several boxes were stolen from stores. Contributions are coming in rather slowly for the Hoover fund. To date \$4,900 has been turned in to headquarters at the Association of Commerce. The sum of \$3,897.51, Episcopal, \$42.21; Grace Episcopal Sunday school, \$15.00; University M. E., \$83.04; Luther Memorial \$170.90; and the Unitarian Women's Alliance, \$25.00. The boxes in the various stores around the square and at the depot netted the fund \$123. The North Western depot secured the most money by means of these boxes, \$30.00 having been collected there at the ticket windows.

Order Sheboygan to Chlorine City Water

Prompted by the high typhoid death rate at Sheboygan in the past several years, and by a recent outbreak of several cases, the state board of health today issued an order upon the city of Sheboygan requiring treatment of the city's water supply with liquid chlorine not later than March 15. The supply is taken without purification from Lake Michigan, into which the city also discharges its sewage without treatment.

MILWAUKEE, Wis.—Cleveland Rayford, negro, member of the Keystone club, has found "blackjack" an expensive game. He says he has lost \$265, three suits, \$80 borrowed from his best girl, a ring and two watches in his flirtation with the pasteboards. He brought suit in civil court today against Douglas Moore and Fred Johnson for the recovery of his valuables.

Steger Incompetent; Trust Handles Money

CHICAGO—A trust company was appointed conservator for the estate of George F. Steger, until recently treasurer of the Steger & Sons Piano company. He was declared mentally incompetent and financially irresponsible in Judge Horner's probate court. It developed at the hearing that Steger had accepted hundreds of loans from foreign born residents of Steger, Ill., Hammond, Gary and South Chicago on which it was alleged he paid interest as high as 50 per cent and that the million dollar estate left him by his father, the founder of the piano company had dwindled to about 150,000.

HOTEL FIRE IN N. Y. KILLS 11

Investigation Ordered Today in Blaze at Hoboken

HOBOKEN, N. J.—Eleven persons were burned to death early yesterday in a fire which destroyed the Hotel Colonial here. Four others were badly burned and taken to a hospital, where it was reported that they probably would not recover. Hundreds of persons were at the morgue today trying to identify the bodies of the victims. They met with only partial success, however, although police said jewelry and other articles on the charred bodies would probably lead to the finding of relatives of all those burned. An investigation was ordered.

FARM MEETING OPENS TUESDAY

(Continued from Page 1)

by Dr. A. S. Alexander on Tuesday evening, has been scheduled for Wednesday evening. This feature of the program will prove of interest to all Madisonians. He is regarded as one of the most interesting speakers in the city.

Shortening the distance and straightening the road to market will be the main business of the big Get-Together conference beginning here tomorrow.

While economical production will not be neglected, the obtaining of greater storage facilities, of better transportation, and more and easier credit will be given the emphasis these questions deserve. The Wisconsin Agricultural Experiment association will devote a session of more to factors which are decreasing fertility and decreasing yields, and the Wisconsin breeders association will plan ways of improving, and increasing live stock production, but both organizations will give special consideration to distribution and marketing. They appreciate how useless it is to stimulate production only to secure minimum prices.

One of the big topics on the program of the conference is "The Future Outlook for Wisconsin Farming." In the economic sessions, prominent land owner will tell how they plan to obtain returns on their investment and renters will be given an opportunity to present their views. All realize that the problem of returns on investment of time, effort, and money must receive more attention.

Several other organizations will discuss similar phases of agriculture. It is anticipated that A. J. Glover, president of the Wisconsin Dairy Council, will discuss with dairymen the future of their industry.

The Wisconsin Farm Bureau Federation, now in the midst of a campaign to increase its membership to 50,000, will consider some of the pressing problems confronting Wisconsin farmers. It will give over some time to the consideration of legislation in the interest of agriculture. J. R. Howard, president of the American Farm Bureau of Federation, has been asked to confer with the Farm Bureau leaders and to address one of the main sessions of the general conference.

Women attending the meetings will have an interesting program. Prominent men and women will address them on up-to-date subjects relating to the household.

Among the farmers' organizations which have announced meetings during the conference are the Canning Crop Growers association, The Wisconsin Dairymen's association, the Wisconsin Farm Bureau Federation, the Wisconsin Livestock Breeders' association, the Western Guernsey Breeders' association, the Hereford Cattle Breeders' association and the Wisconsin Horse Breeders' association.

Starving Chinese Eat Bark; Sell Children

With 10,000 Chinese dying daily from starvation, the local members of the American Committee for Relief of China, are making efforts to get subscriptions for the aid of the starving millions. Five of the northern provinces of China, consisting of 160,000 square miles, and with a population of forty-five million people, have been subjected to a devastating drought for a year and a half. This is making fifteen million people face immediate starvation. All kinds of vegetation are so scarce that the famine stricken people are chewing the bark from the trees, and are selling their children into slavery in hopes that they will be taken from the famine stricken.

4 MENTIONED AS SUCCESSOR TO KERWIN

Christian Doerfler, W. D. Corrigan, W. L. Hurlbut and E. J. Dempsey Discussed

FUNERAL HELD TODAY

Kerwin Services Are Held at Neenah This Afternoon; Madison People Present

Interest at the capitol today centers around the probable successor to James C. Kerwin, associate justice of the supreme court, who died here Saturday.

His successor will be appointed by Gov. Blaine. Four names are being discussed for the place: Christian Doerfler and Walter D. Corrigan, Milwaukee, and Wilber E. Hurlbut, Omro, and E. J. Dempsey, Oshkosh.

The appointment will undoubtedly go to either Milwaukee or the Fox river valley. Judge Kerwin was appointed from the Fox river valley, coming to the bench from Neenah.

It is believed that the appointment lies between Doerfler and Corrigan. Both are leading lawyers in the state and both have been identified with the progressive movement for years. They both supported Blaine in the last campaign.

Mr. Hurlbut was a member of the 1913 legislature and was chairman of the committee on judiciary. Mr. Dempsey has always been a democrat and is a member of a well known Oshkosh firm. He is a member of the board of normal regents and of the state board of education.

The successor of Judge Kerwin will serve until 1924. The law provides that only one vacancy can be filled in a year and the Kerwin expiration will not be filled until 1924. Judge Kerwin is to be buried in Oak Hill cemetery at Neenah this afternoon, following services at 3 o'clock at the Kerwin residence there on Forest ave., Rev. C. Jones of the Presbyterian church officiating.

Funeral services were also held yesterday afternoon at 3:30 at the Madison home, 111 E. Gorham st., Dr. A. E. Hayden of the Unitarian church officiating. The funeral party left this morning at 7:50 on the C. & N. W. road for Neenah.

Honorary pall bearers are as follows:

Judge R. D. Marshall, Chief Justice H. C. Siebeker, Justice A. J. Vinje, Justice M. E. Rosenberry, Justice P. C. Eschweiler, Justice W. C. Owen, Justice Burr W. Jones, Gov. John J. Blaine, John Thompson, president of the state bar association, Oshkosh; George P. Miller, attorney, Milwaukee; Christian Doerfler, attorney, Milwaukee; Maurice McKenna, Fond du Lac; Judge Bulard, Menasha; Stephen W. Murphy, Neenah; George Whiting, Neenah; William Gilbert, Neenah; John Strange, Neenah.

IRISH PRIEST IS GIVEN 5 YEARS

Chaplain of Late Lord Mayor M'Sweeney is Sentenced

DUBLIN—Father Dominick, chaplain of the late Lord Mayor MacSweeney of Cork during his Brixton prison hunger strike, was sentenced to five years penal servitude by a military court martial. Two years of the sentence was remitted.

The priest was recently tried for having written a letter to a friend in London explaining the Irish cause. This letter was opened by the censor and Father Dominick was arrested. He also had in his possession memoranda on the Irish national position which he declared was dictated by Mayor MacSweeney shortly before his death.

LAUNCH DRIVE IN STATE TO PREVENT SUNDAY BLUE LAWS

Motion Picture Men at Convention in Milwaukee to

(By the Associated Press)

MILWAUKEE, Wis.—A statewide drive to "nip in the bud" the Sunday Blue law agitation in Wisconsin was launched at the semi-annual convention of the Wisconsin Motion Picture Exhibitors' association here.

The disclosure was made at the convention that the Blue Law agitators have already begun an effective campaign which has its objective the passage of Sunday closing laws, locally first by the village and towns, then the smaller cities and last, Milwaukee and the larger cities.

That "Blue Laws" are likely to follow "brow laws," if concerted protest is not registered, was the opinion of Joseph C. Rhodes, Fenosta, president of the association, speaking before a convention of that body today.

"The agitators of Sunday closing laws have developed a strong national organization, which is working quietly but effectively, and they will have the country bottled before the public knows what has happened if something is not done quick," said Mr. Rhodes.

DEPARTMENTS PLAN NEW COURSES FOR SECOND SEMESTER

"Industrial Insurance," a course for economics students will be one of several new courses to be given next semester. E. S. Beecher, secretary of the National Guardian Life Insurance company, of Madison will have charge.

the Only One that's —

Tobacco Market

EDGERTON, Wis.—Quiet is the word, as far as buying in the southern section is concerned. The Farmers' Warehouse Co. of London, has started assorting of unsold 1920 in that section. The Edgerton association expects to open up Feb. 1st. Stoughton, Janesville and other points where the tobacco growers own their own warehouses are putting things in shape for handling tobacco, if it comes as two point where it must be taken care of. In the northern counties more tobacco has been sold during the month of January than outsiders have any idea of. The field is now pretty well

picked for desirable binders. That is what the trade has been looking for. To say that the bottom has been scraped for binders up there is untrue as too strong; there are always some crops which for some reason were passed up that is found as a belated hold-over of the desirable type. But where binder tobacco of the right size and quality is found it is pretty sure to have a buyer and to bring a good price, though the 20 and 35-cent stuff seems to be all off. The easier marketing conditions in all lines of industrial enterprise, the opening of the factories in the east, the reviving demand for merchandise in response to somewhat lower retail prices, are reflected by the local tobacco market in a feeling that things are going

to number up, although no one among the packers, who share in this feeling of optimism, is willing to go as far as saying that a buying movement of the remaining 1920 is about to open. On that point they are mum. If you talk binders that is a different story. Desirable binder types are needed, and the market is right. The assorting is progressing normally in all centers. Labor is plentiful, and the hands are working cheerfully and well.

Is your money "lying down" on its job?

Your money should be earning 6% to 8% if it is invested to the best advantage. There are at present many opportunities of securing such investments. From a careful study of these many opportunities we have made up the following suggestion of a diversified \$5000 investment:

Par Value	Description	Price	Yield
\$1000	First Mortgage Real Estate Bond	\$1000	7.00%
\$1000	City of Christiana, Norway, 8% Bonds of 1945	\$ 970	8.25%
\$1000	Anaconda Copper 7% Bonds of 1929	\$ 940	8.05%
\$1000	Commonwealth Edison of Chicago 5% Bonds of 1943	\$ 855	6.25%
\$1000	Hercules Corporation 8% Secured Gold Notes of 1936	\$ 995	8.00%
\$5000		\$4750	
	Average yield—		7.51%

In making this selection, our first consideration has been safety. We will advise no one to speculate, even in bonds. The issues selected are unusually marketable. Several of the issues are traded in one of the New York and Chicago stock exchanges and on the curb. The average yield is 7.51%, assuring you of a very good income from your investment.

Other combinations can easily be worked out to suit your individual need. Stop at our office and have an investment talk with us or have our representative call.

Ignorance is Big Factor in Accidents

Ignorance and carelessness continue to be the largest factor in deaths and injuries caused by fires in Wisconsin, the report of the Industrial Commission made public today shows. More than two-thirds of the accidents from fires during 1920 are attributed to preventable causes. Children are heavy sufferers in the list of 89 deaths and 112 serious injuries resulting from fires during the past year. Playing with matches caused the deaths of 11 and serious injury of six. Five children met death playing about bonfires, five from playing about stoves, and five from exploding gasoline stoves. Carelessness in handling gasoline, particularly for cleaning purposes in private homes, caused eight deaths and nine serious injuries.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress properly, keep the feet dry, avoid exposure, eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and excrete it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.—Adv.

SPANISH SINGER ARRIVES HERE TO DEMONSTRATE RECOVERY OF HER VOICE

Madame Lucresia Bori, photographed on the A. S. Imperator.

Madame Lucresia Bori, a famous opera singer of five years ago has just returned to America after a hard five-year fight to regain her voice. During her stay abroad she submitted to two operations in Milan, Italy. It is announced that she is to sing "Mimi" in "La Bohème" at the Metropolitan Opera House, where she sang before her voice failed her.

GRAND ROBBED; PURSUE THIEF

Boy Employee Believed to Have Taken \$300, Escapes

In spite of a hot chase by the police, Leo Kellner, aged 17, who is charged with having stolen a strong box, containing between \$300 and \$400, from the Grand Theater, made an escape from Madison Saturday night and has not yet been located. It is believed that he caught a freight train but the police are confident that his whereabouts will not long remain a secret.

Kellner, who is the son of John Kellner of Toledo, came to the city three weeks ago and worked for a short time at the Burgess Battery plant. Friday he applied to a business man here for work and was then employed by F. J. McWilliams, manager of the Grand. Saturday morning Mr. McWilliams notified the police that the place had been robbed and that simultaneously Kellner had disappeared.

Kellner was last seen by John Hurry and Albert Ansen, 2737 Milwaukee st., who saw the boy trying to open a box with a chisel in back of the mail house on Sherman ave.

The Ansen boys were chased away by Kellner, but later went back and found a hammer, a chisel and an overcoat, collars and some ties. The box was also found, as were the tools, all of which were identified by Mr. McWilliams.

HARDING ON FISHING TRIP AMONG FLORIDA KEYS
MIAMI, Fla.—Entirely cut off from communication with the outside world, President-elect Harding began today a two days fishing expedition among the Florida Keys. His headquarters are at the island of Coccolob, 40 miles south of here. A small club house on Coccolob, built by a Miami game club, has been turned over for use of the party. The building is the only one on the island which according to tradition, once was a pirates rendezvous.

HELP FOREIGNER IS EVANS PLEA

Chicago Judge Addresses Meeting of Kiwanis Club

"Sympathy and firmness should mark the policy of the government in helping the foreigners within her gates to breathe the spirit of America," said Judge Evan A. Evans of Chicago in a talk before the Kiwanis club Monday noon.

Immigrants should be forced to return to their native country if they do not apply for citizenship within a specified length of time, they should be compelled to speak and to read English within five years of their arrival, any disloyalty should be punished by deportation, qualifications of immigrants should be investigated with a view to preventing Europe from using the United States as a dumping ground, an immigration fee of \$100 should be charged to make up a fund to take care of the immigrant until he can stand on his own feet, the government should make provision for sending immigrants direct to farm lands, providing a loan fund to help them get established, said Judge Evans in outlining his immigration policy.

His suggestions were offered after he had canvassed the immigration and alien problem confronted by the United States. He quoted statistics compiled under the draft administration, and later he quoted 1920 Ellis island statistics which indicate that the monthly immigration is increasing.

He made a plea for better schools as the real agent of Americanization. Americans can learn from the foreigners, he said, and he quoted Prof. Don D. Leachler of the university on this point.

Judge Evans was introduced by Judge E. Ray Stevens. Forrest M. Kilgore, vice president of the club, presided.

BRITISH PAPER DECLARES REPARATION PLAN FOLLY

LONDON—Allies reparation terms decided upon by the supreme council in Paris last week were described as "folly" by the Manchester Guardian today. The newspaper said, "We may be thankful the terms can never be executed." In the opinion of this journal Germany will be able to pay indemnities only by exported goods. "If she exported every year an additional 300,000,000 pounds worth of goods to France, England and Belgium," the newspaper said, "the outcry raised by competing manufacturers of those countries would be heartrending. It is already audible."

LABOR LEADERS ENDORSE DRYS

Prohibition Benefits Family of Working Man They Contend

BY FRED L. HOLMES.
Wisconsin labor leaders favor continuation of prohibition by vote of 16 to nine, and favor strengthening the Mulberger law by 16 to seven, according to their replies to a questionnaire.

John Geerlings, a member of Typographical union No. 23 Milwaukee, is transmitting this information today to the members of the Wisconsin legislature. Mr. Geerlings represents his union in the Federated Trades Council, Milwaukee, and is a member of the headquarters committee of the Wisconsin Anti-Saloon league. He asked the league to send the questionnaire to the labor leaders listed in the report of the last state convention, held at La Crosse this year.

By vote of 17 to 11 they say prohibition has benefited the families of working men, by 14 to nine that workmen are more steady in attendance, by 11 to eight that accidents to working men have decreased, and by 17 to nine that drunkenness has decreased.

By 14 to 11 they declare the law has not been well enforced, by 22 to seven oppose the return of the saloon, by 15 to 13 favor beer and wine. Most of the beer and wine vote came from Milwaukee.

HOT LUNCH CAMPAIGN WORKERS TO GET PRIZES

Reports from the various schools in the county are being submitted to the judges for consideration in awarding prizes for the two-week hot lunch campaign in the 240 rural schools of Dane county. The idea of the campaign was to demonstrate the benefit of serving hot lunches in the rural districts where the children cannot get home for warm food. The campaign was statewide.

DRY AGENTS RETURN AFTER MAKING 6 RAIDS

B. C. Parkinson, state prohibition agent, has returned to Madison after a week's work in various parts of the state. Three saloons were raided at Independence and liquor found in all of them. At Weyauwega, Waukesha county, "moonshine" was found in two saloons, and in the third a still containing about 100 gallons of mash was discovered.

All the alleged offenders were bound over to the circuit court on \$500 bonds each.

Mrs. Feldmeyer is Delighted With Results

"Tanlac Has Made All the Difference in the World in My Condition," She Says

"I have just finished my fall house cleaning, which I had dreaded because of being in such a run-down condition, and thanks to Tanlac I don't feel the least bit tired," said Mrs. Margaret Feldmeyer, 510 Grand Ave., Strand Apartments No. 8, Milwaukee, Wis., recently. "Both my husband and myself have been delighted with the way Tanlac has built me up. My health has not been good for a year before taking it. I wasn't sick exactly but just felt tired, languid and worn out all the time. I had no relish for food of any kind and really wasn't eating enough to keep up my strength. I was hardly able to do the least thing about the house and any little exertion left me completely exhausted."

"But Tanlac has just made all the difference in the world in my condition. I enjoy three hearty meals a day now, my sleep is sound and restful, and I feel so strong and vigorous that it's a pleasure for me to look after my household. I have been so much pleased with the effects of Tanlac in my own case that I have given it to my little six year old boy and it has helped him a lot too."

TO PLAN CITY WATER SOFTENING PROGRAM

Plans for a city water softening plant will be discussed at a meeting of the water softening committee to be held at the city hall Thursday afternoon at 4 o'clock. Leon A. Smith, superintendent of waterworks, will submit all the information he has gathered on the subject to enable the committee to determine the course of action to follow. The average bill of water users at present is \$12, according to Mr. Smith, and construction of a water softening plant would add four or five dollars to that. He estimates that the saving in soap to each water taker will be \$10 to \$15 a year if the plant is constructed. The committee is expected to submit recommendations to the council. Mayor Milla Kittleson, City Engineer E. E. Parker, Mr. Smith, Ald. William F. Mantz and Ald. Harrison L. Garner are members of the committee.

MASONS DANCE AT STOUGHTON

Kegonsa Lodge Stages Ball and Banquet; May be Yearly Event

STOUGHTON—Sixty-five couples enjoyed the banquet and ball given by Kegonsa Lodge of Stoughton in the Hyland block Friday evening. The first social event of the kind given by the local Masons, but so greatly was it enjoyed that it is expected that such a banquet and ball will be made an annual function in Kegonsa lodge. At the conclusion of the banquet, which was served in the R. of P. lodge hall, there was a short program of toasts, during which Attorney B. E. Wait officiated as toastmaster in his usual genial mode. J. O. Legend, who has just retired as W. M., responded to the toast, "The Past," while R. M. Halley, newly installed as W. M., gave a toast to "The Future," and George Ford, who is a new member of the lodge, spoke on "How I Like It." Present from out of town were Herbert Bigelow, of Janesville; and Mr. and Mrs. Malvin Teige of Madison, who motored down and remained over until this afternoon.

The Modern Woodmen will next Tuesday evening give an entertainment to members. George Martin champion "500" player challenges all members to defeat him for his title.

From Rice Lake comes word that Cosuth Sholtz, a former resident of Rutland, was found dead in bed Sunday Jan. 23rd at the home of his sister, Mrs. Marsh.

Funeral services over the remains of Chas. West, who died on Tuesday of pneumonia at his home in Rutland, were held Friday afternoon at the M. E. church in Oregon. Rev. B. J. Saunders officiating. The Modern Woodmen of Oregon had charge of the services. Mr. West and family resided in Oregon until last spring when they traded their property for a farm in Rutland. Besides his wife, he is survived by five children, Mrs. August Tronnes, of Brooklyn, Elmer, of Madison, Luther, Louis and Harold, at home.

Chester W. Colman, principal of schools at Palmyra, came up Friday evening, and Saturday he and his mother, Mrs. F. Colman, residing on N. Page street, left for Watertown where they Sunday afternoon attended the marriage of Mrs. Colman's younger son, Milton, and Miss Esther Bulbitz, which took place in the German Lutheran church at 5 o'clock. Miss Pearl Coolman, who the past week or two has been visiting in Milwaukee and Chicago, attended the wedding and accompanied her mother home from Watertown. The groom is a traveling salesman with the Ledges & Mayer Tobacco Co. Clarence Skoen, residing on route No. 2, while chopping wood Saturday morning, sliced off a piece of his left forefinger, which, however, he had sewed on at the local hospital.

A baby son was born Saturday to Mr. and Mrs. Halvor J. Christensen at their home, 208 S. Morris street. The happy father is one of the proprietors of the City Meat Market. The Misses Hilda Sandmark and Amelia Sveom Friday entertained about a hundred friends and relatives at the Sveom home on Pleasant Hill in honor of Miss Hannah Spectator of Rutland, who tomorrow becomes the bride of Andrew Roenold, of Madison. Refreshments were served, and in the course of the evening the guest of honor was presented with a sum of money. Out-of-town guests at the shower were Mesdames Huns Romsie, O. Dahl and Martha Roenold, of Madison. Miss Spectator, who is the younger daughter of Mrs. Sever Spectator, of Rutland, was married by Rev. O. S. Reigstad Sunday afternoon at the east side Christian Lutheran parsonage.

Mrs. M. Iverson left Saturday for Youngstown, Ohio, where she will spend a couple of weeks with her daughter, Mrs. Louis Williams. On her way back she will stop off at Chicago for a visit with her sister, Mrs. G. Wallin.

Miss Nora Skaar, who is taking a nurse's training course at the Norwegian-American hospital in Chicago, came home on the noon train Saturday for a visit until Sunday afternoon with her parents, Mr. and Mrs. Eli Skaar. A number of inquiries have come in concerning the new Junior department of the Tribe of Ben-Hur, which are an indication of the interest being taken in the Junior Courts. While we know it will take a good while to get this department rightly started and organized, we feel confident that the coming years will witness a large number of Courts throughout the land. There is nothing just like it in the country. That it not only will appeal to the boys and girls in a most attractive way but will be of great benefit to the Supreme Tribe we are sure. Mr. and Mrs. Chas. Guelson spent Wednesday and Thursday in Milwaukee where they attended a convention of proprietors of motion picture theatres.

ARREST YOUTH TO FACE WHITE SLAVE CHARGE

U. S. Marshal Frank O'Connor left Monday afternoon for Louisville, Ky., with Floyd Shuk, an 18-year-old youth charged with violating the white slave act by transporting a 14-year-old girl from Kentucky into Indiana. He was arrested at Chippewa Falls.

Musicals

MADRIGAL CLUB CONCERT, By Adrian Seidton. On Friday, Feb. 2nd, at the Christ Presbyterian church the Madrigal club will give a program of extreme musical interest to the music lovers of Madison. At this concert, the club will present Mrs. G. W. Critten of Minneapolis, who is to appear as a special feature of the evening. Mrs. Critten is the possessor of an exceptional contralto voice of beautiful and sympathetic quality. Her versatility is considered remarkable, and so artistic is her work that it has oft-times been compared to that of Madame Schumann-Heink. In securing Mrs. Critten to sing at Madison, the Madrigal club is giving an opportunity for lovers of vocal music to hear one of the finest contraltos in the middle west.

The Madrigal club, which has a membership of 35 girls, is under the direction of Alexius Baas, teacher of voice and dramatic art at the Wisconsin School of Music, and leader of the Mozart club. Though not so well known as the men's organization, the Madrigal club is, nevertheless, making itself felt in musical circles, not alone because of its work as a singing organization, but because of its enthusiastic support of good music as well. The limited number of places in the club, per-

Milwaukee Granted Increased Gas Rates

Increased gas rates were authorized for Milwaukee Saturday by the railroad commission. The increase ranges from 15 to 25 per cent. Industrial depression was said to have reduced the company's sales, but the commission expressed the opinion that savings from decreased coal costs and other sources would offset the loss. Increases were least for the small consumer amounting to approximately 15 per cent, but were high for the large consumer.

Do You Know a Baby Sick With Constipation

Tell the mother to give half a teaspoonful of Dr. Caldwell's Syrup Pepsin.

NO thoughtful mother with children in the house will risk being without a good, reliable laxative. It will save many a serious illness, many a doctor's visit.

When the baby cries and is fretful, when the boy has no appetite and won't play, when the girl is listless and feverish, when there are complaints of headaches and colds, the mother can get constipation. Give Dr. Caldwell's Syrup Pepsin in the small dose recommended on the bottle, when you put the child to bed, and with morning the constipation will have disappeared.

Dinner: Cold Roast Beef, Baked Potatoes, Baked Macaroni with Cheese, Spinach, Fruit Gelatine, Foamy Sauce

POTATO DISHES
Potato Soup—Three or four large potatoes, one or two onions, according to taste; tablespoon of fat or substitute; crotons; celery or carrots may be added; salt, pepper, chopped parsley.

Pure potatoes very thin and cover with boiling salted water. When soft mash in the water. Heat the chopped onion in the fat, stirring so it remains white, add one tablespoon of flour; cook two minutes. Pour part of the potato mixture into the onion and flour, stirring all the time. Return to kettle and cook few minutes. Add chopped parsley just before serving.

Crotons—Fry small square of bread in fat over low fire.
Milk Potato Soup—Three potatoes, one quart milk, two slices of onion, three tablespoons butter, two tablespoons flour, one and one-half teaspoons salt, one-quarter teaspoon celery salt, one-eighth teaspoon pepper, few grains cayenne and one teaspoon chopped parsley. Cook potatoes in boiling salted water; when soft rub through a strainer. There should be two cups. Scald milk with onion, remove onion and add milk slowly to potatoes. Melt half the butter, add ingredients, stir until well mixed, then stir into hot soup; boil one minute, strain, add remaining butter and sprinkle with parsley.

TESTED RECIPES

Sugar Pie (Southern Style)—Three cups light-brown sugar, one half cup melted butter, one-half cup cream, three eggs. Mix ingredients, beating well. Season with lemon and bake in pastry without a top crust. Use low gas flame.

Oysters in Bird's Nest—Boil one package of spaghetti in boiling salted water until very tender. Drain, arrange in eight small mounds on the bread board; before it is thoroughly cold scoop out the center of each, and when cold fry in smoking hot fat.

The irregular form of the spaghetti results in very realistic nests. Set them in ramekins. Prepare the oysters by scalding them in their own liquor, then drain.

Place one tablespoonful of butter or substitute in small pan, add a very finely chopped onion and half carrot minced. Stir until butter is absorbed. Pour in one cupful of cream and cook five minutes. Stir in one-half tablespoonful of chopped parsley, a saltspoonful of powdered herbs; seasoning; salt, pepper and paprika. Now add the oysters. Set over boiling water ten minutes and divide carefully into the nests. Garnish with blanched celery tops.

Use one-half pint of oysters. This serves four people. It may be served with a light salad, coffee, bread and butter and lemon pie.

Three fires occurred in the city last evening; a brush blaze in the 1500 block on W. Washington ave. at 5:37 p. m.; a roof fire at the W. L. Beaver home, 734 E. Gorham st., at 8:55; and a chimney blaze at the Frank Longfield residence, 2022 Rusk st., at 10:04.

BILLY WHISKERS

By FRANCES TREGO MONTGOMERY

How much is it? gasped Mrs. Treat after the letter had been read.

"Fifty dollars, as I live!" "Of course we cannot accept it?" half questioned his wife. "I don't know," argued Mr. Treat. "I am sure if my baby had been in such peril, I should not like to have his rescuer return the thank-offering I made—the only way a man has to show his appreciation and lasting gratitude, as Mr. Martin says."

"I think we will keep it, but it will go in the bank to be added to the fund Billy has already started for your college education," decided Mr. Treat.

That night after their mother had tucked the covers about them and put out the light, Tom snuggled over close to Harry, and whispered: "Harry, I've thought of a plan!"

"What about?" "I've been thinking a goat is a pretty good thing—better than a calf. The Duke has never earned any money, but Billy has a lot. Suppose we sell the Duke."

"Not by a long way!" said Harry, scolding the proposal.

"But, Harry, listen to common sense! You know Billy earned a lot last summer. We'd not have the auto if it wasn't for him. And now here is another fifty dollars come today. If one goat can do that, why not get more—one for each of us boys, any way?"

"But the Duke? Why sell him?" "I must say you are slow," responded Tom impatiently. "We'll have to have some money to buy the goats, won't we?"

"Yes, but I don't want to lose the Duke. Say, why not take the money in our hands downstairs and buy some kids? They'd not cost so much as full-grown goats, and they would soon grow."

"Billy for you!" said Tom, pounding Harry vigorously on the back to express his appreciation of the valuable suggestion. "We'll do

it tomorrow." The next day being Saturday and a holiday, the boys proceeded to put their plan into immediate execution. Counting their hoards, they found it totalled six dollars and three cents. "Let's not wait till afternoon, but go down to the Corners now. Mr. Finnegan has two kids and perhaps he'll sell one to us," whispered Harry, as they bent over their tasks of counting the heap of pennies.

"All right, come along," and snatching caps, they ran to the kitchen and told their mother they were going to the Corners on "important business."

Mrs. Treat was one of those wise mothers who have the full confidence of her sons, and she never pried into their secrets, for she knew full well they would tell her all about them in good time.

"All right, boys, but hurry back. It is getting along towards noon." (Tomorrow the boys surprise the family by their purchase.)

HEART AND HOME PROBLEMS

By MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: I am a married woman of 25 and my husband is very cruel to me. He doesn't want me to go anywhere, not even with my lady friends. Do you think a man loves his wife when he is cruel to her?

He has been that way for eight years and I have lost all my love for him. I haven't given him any cause to be that way.

I met a single boy about 23 a few months ago. He said he loved me better than any one in this world and wants me to get a divorce. He says he will treat me better than my husband. Do you think he would? Would I be doing the right thing to get a divorce and marry this young man, or should I stay with my husband? I have one child.

HEART-BROKEN. No, you would not be doing the right thing to divorce your husband and marry the other man. In the first place, I do not believe the other man would be true to you. A man who is willing to break up a family has an immoral nature.

For the sake of your child, try to adjust yourself to your husband's nature. Doubtless there are many ways in which you call out his temper. Try to be tactful. If you find that he is too cruel to live with, and if he is unkind to the child, you will have a just reason for divorce. But to leave him in order to marry another man would be wrong. A man may be cruel to a woman and at the same time love her in his own selfish way.

Dear Mrs. Thompson: I am a girl of 16 and am very much in love with a boy of 17. I went with him almost three months and he got angry at me for some reason or other and is now going with another girl.

It is hard to part with one you love and it nearly breaks my heart to know how hard I have tried to keep his friendship. When he was at my home I would try as hard as any one could to keep everything as pleasant as possible. Now all hopes are lost in regaining his friendship.

I have gone with other boys since he has been angry, but I can't enjoy myself.

He has a sister my age whom I love dearly. She often comes to see me, but I am afraid to visit her for fear he will be there and I know he would think hard of me for being there.

Please advise me what to do. My dear little girl, only time can heal your wound. Almost every woman has at some time in her life an experience as hard as yours. Simply try to be brave and trust that your life is not blighted. When you are older and more ready to receive love, it will come to you. I would not advise you to go to the home of the sister because the boy would think you hoped to see him.

Dear Mrs. Thompson: Will you please print your opinion of a person who takes it upon himself to tell another person how to act, dress and generally conduct himself, and also infers lies against the other person by means of a badly written, ungrammatical, slangy, anonymous letter? Can you tell what prompts the writer of such a letter? Also, how would you start to find the writer in order that

Why You Should Buy Grinde Clothes

Here Is A Reason! Yes, Several of Them:

Because—there is more hand tailoring used in combining superior fabrics into gentlemanly styles in these garments than in any other ready for service clothes in America today.

Then, too, a hand tailored suit or overcoat fits better, wears, and looks better for a longer time and gives that greater degree of service which means true economy.

The freckle-faced funnomenon reaches stardom in this superb production

With a bundle of newspapers under his arm, and a voice twice as loud as any other kid in Frisco, "Dinty" fights the world for a living and makes himself Newsboy King. He does it for his old Irish mother. Then when his mother dies, "Dinty" has to fight down the feeling that life "isn't such a much" after all, but he battles to get back into the game and make himself the success his mother always longed to see him.

Sunday proved to be an uneventful day in the state tourney, only minor disturbances being recorded among the leaders as a result of the day's attack on the pins.

Invading teams held sway for a great part of the day, with the Rammer Specials of Sheboygan setting the pace with a series of 2,605. Consistent work on the part of all five men was responsible for their showing. Only 43 pins separated the low man from the high gun on the low end.

Next in line came the Wisconsin alley team No. 2 of Madison, who topped the pins for a series 2,608.

Several 1,100 series were recorded in the doubles event, E. Peters and W. Larson heading the day's procession with a neat total of 1,154. The score placed the pair in fourth place in the standings.

A. Richter of Manitowish with a total of 608, glided into fifth place in the singles standings. He started out with 231 and followed this with 201. Things looked exceedingly bright for the new leader in the singles but a mediocre game of 173 in Richter's final attempt put a damper on the possibilities. M. Bizer of Manitowish was second high with 594. Madison scores follow:

Suggest Ice Carnival On Madison Lakes

"Stage an ice carnival here next year is the suggestion of one of the members of the Association of Commerce who has just witnessed the ice carnival of St. Paul. Such an event would promote the use of the lakes in the winter time, he says, and tend to get more people to indulge in winter sports. The activities being promoted this winter by the Four Lakes Yacht association, cooperating with the Junior Association of Commerce, are a start in the right direction. Serious consideration should be given next year, to putting on a week of winter sports, with the participants garbed in fancy costumes. It has been suggested that Madison put on a water carnival in the spring before the close of the university year.

It is believed that if these events were staged in the summer and winter it would enhance the advantages of Madison as a city of lakes and sports, and call the attention throughout the middle west to this city.

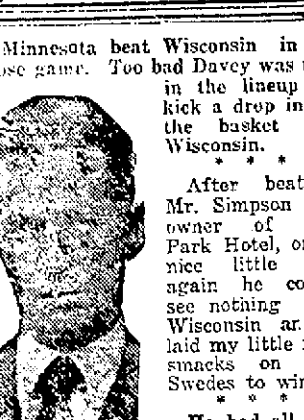

Campions Defeat La Crosse Y. M. C. A.

PRAIRIE DU CHIEN—Presenting a defense the opponents could not solve, the Champion team easily defeated the La Crosse Y. M. C. A. at Campion. Only the inability of the Champion men, to cage the ball with regularity kept the score low, also the second team was put in during the second half and while they held the La Crosse men to two baskets, the proper offensive work was lacking. The regular team again replaced them and scored eight points in three minutes. The final score stood 24 to 11.

Madison Entered in I. B. A. Tournament

The 13th annual tournament of the International Bowling association will begin in St. Paul Friday, Feb. 4, and continue through Feb. 14. Two hundred and seventy-two men teams, 602 two men squads and 1,211 singles events are on the program. In addition to bowlers from Minneapolis, Duluth, St. Paul and other points in the state, entries have been received from Madison, Chicago, St. Louis, Milwaukee, Sioux City, Omaha, Des Moines, Grand Forks, Fargo, Superior, Menominee, Racine, Eau Claire, Winnebago and other towns.

ROUNDY'S RAZZBERRIES

Minnesota beat Wisconsin in a close game. Too bad Davey was not in the lineup to kick a drop in to the basket for Wisconsin.

After beating Mr. Simpson the owner of the Park Hotel, on a nice little bet again he could see nothing but Wisconsin and I laid my little five snacks on the Swedes to win.

He had all the bell hops looking for me Sunday. He told them to bring me up to a hotel room and lock me in and throw the key out in the alley.

I wanted me to stay in the room till next football and basketball season and just yell out the winners a day ahead of time to him and he said he would give me five thousand as a present and he would retire.

An old Wisconsin great football player who now lives in Stoughton, told me last week he asked Zuppke if there was any truth that he might coach anywhere else. He said the president of the University of Illinois gets the biggest salary at the school and he comes next on the payroll. What do you think he wants more?

The Ohio football team went West. But the basketball team seems to be going south.

Well, well, Purdue beats Indiana at basketball. What do you mean basketball is team work?

They are up in arms at Minnesota as all the football men have nearly left school, but Oss, last year's team, is still intact.

The New York giants are after two Chicago boys after this June when school is out to play baseball. Michigan got about 3 of them last fall.

The Wisconsin baseball team will take to the open if the nice weather keeps up. Last year they should have been taken to the woods.

The special train to Milwaukee was a success yesterday due to the simple reason that Freddie Kramer missed the train.

The last fight at Turner Hall was a success just because most sporting writers put in the paper what Baxter Hall told them.

Mike Knapp played his last game with Wisconsin Saturday night, and the old boy ran up four baskets. Was a clean player and a good player and a man who is a credit to the alumni of Wisconsin.

Scotty, the big football boy, asked Rolfe Williams if they used the shift. Officer call the wagon.

One thing I like about basketball is we do not play Chicago five years at Chicago straight.

State K. C. Bowling Tourney March 26

SHEBOYGAN, Wis.—The fifth annual tournament of the Wisconsin State Knights of Columbus Bowling association, to be held here beginning March 26 and running to April 17, promises to be the largest tournament ever held by the association and from present indications will surpass the entry of the meet held at Milwaukee last year. Milwaukee has reserved dates for fifty teams. Green Bay thirty, Madison twelve, Racine fifteen, Kenosha fifteen, Waukesha four and others are coming in steadily. Frank J. Oile, who has been elected secretary of the tournament, has had considerable experience in that line, having been secretary of the Wisconsin State Bowling association in 1915, and of the Elks' state tournament held in 1916.

Stoughton High in Win Over Edgerton

STOUGHTON—Stoughton high defeated Edgerton high, 24-16, in basketball at the high school gymnasium here Friday night. The stellar basket shooting of Kirby of Stoughton was the feature of the game.

Starting out by making two free throws, followed by two perfect baskets from the tip-off, Kirby gave Stoughton a lead that was held during the entire game. Smidt and Larson, guards refused to let the Edgerton forwards get near their basket, and Edgerton's few baskets were made from the center of the floor. "Scofield and Barden played a good game for the visitors.

The Edgerton team was accompanied by about 150 rooters.

MARKETS

WHEAT PRICES
HIGHER TODAY

Anticipating Start Followed
by Upturn; Corn
Also Gains

Wheat prices showed considerable strength today following start. Leading futures became active following that initial offering. Bullish estimates of domestic supply, together with recent declines had helped to help life values. Openings which varied from a low of 1.02 1/2 to 1.14 1/2 were followed by a moderate general advance by a sharp upturn all day.

Corn prices paralleled the action of wheat. After opening unchanged at 41 cents to 42 cents the market showed decided general gain.

Oats were governed by the course of other cereals, starting at 31 1/2 cents to 32 cents, and later rising above Saturday's finish.

Provisions
Down turns in the value of hogs weakened provisions.

MINNEAPOLIS FLOUR
MINNEAPOLIS, Minn.—Flour unchanged to 10 cents lower, in carload lots, family patents quoted at 43.00 to 45.00 a barrel in 98 pound cotton sacks.

Funds To Bolster Yellows?

Should Dane County Taxpayers' Money Be Used to Make Fantastic Hearst Yarn Stand Up

LAST week this community was taken out on an hysterical spree. An exploded yarn, peddled about the city for months was taken up by a Hearst reporter and all the tricks and mystery building apparatus of that great crime exploiting organization were brought into play to make the story "stand up." Officials of the law lent the use of their names (and their photographs) to the exploitation of this affair. Now, with no evidence at hand and in an effort to "pass the buck," it is proposed to put the matter up to the county board with the statement that funds are needed to "bring the guilty parties to justice."

The newspapers of this community are privileged to exploit "mysteries" of this kind to their heart's content. But when it is proposed to use the money of the taxpayers to be thrown away simply to give standing to the fantastic stories of a bevy of Hearst reporters then the people of this community have a right to call a halt on that kind of burlesque.

The newspapers are very careful to keep from the people of this community the fact that Dane county has ALREADY conducted a thorough examination of this affair. When the estate of Mr. Lawrence came into Judge Zimmerman's court these rumors and charges were being made. A complete hearing was had at that time. The very people around whom suspicion has been thrown through the use of inference and innuendo, were then on the stand. The cross examination was conducted by Carl N. Hill, who was then Mrs. Lawrence's attorney. Mr. Hill is not the type of attorney who "lets go" when there is anything on which to build a case. E. J. Lawrence was on the stand for nearly 10 hours at that time. Although pages of testimony were taken so little of evidence was obtained to substantiate the gossip and rumor that had prevailed, that trouble has never been taken to transcribe the court stenographer's notes on the case.

In addition, District Attorney Heilman employed a competent detective who investigated the affair. He was never able to find that Lawrence ever had more than a modest amount of money and the diamond story was believed to be nothing more than the product of an imaginative brain.

Mrs. Lawrence was represented at different times by no less than seven different lawyers. Can it be said that if there was anything worth while to the story that all of these attorneys would have come to the conclusion that there was nothing irregular in the matter?

It is doubtful if the story would ever have come to life again except for the activities of an amateur detective who was never able to get a sympathetic hearing until he bumped into a Hearst reporter.

The funds of the taxpayers of Dane county should not be dissipated to bolster up the fantastic yellows nor should the county board continue to dignify the unnecessary suspicions that have been thrown around men, both dead and living.

ANOTHER STORY

WHEN the propaganda for the passage of the Esch-Cummins bill was abroad in the land the newspapers dinned into the minds of the American people the statement that it was necessary to give the railroads a big increase in freight and passenger rates in order to take care of the increased wages granted to railroad employes.

The railroads have obtained THEIR increases. Now the same agencies are starting a propaganda to the effect that railroad wages must come down. Announcements are being made that cuts in salaries are to be made.

RUT—Has anyone seen any statement in the newspapers that freight and passenger rates are ALSO to come down?

THE MOULDERS
A newspaper, if it is to be a success, must take a stand, not alone on questions that are of importance to the nation, but to the city of which it is a part. The average speaker is no different than a newspaper, and yet when he addresses an audience, he is given the strictest attention, and though they may not agree with him in the main, still there is almost a unanimous verdict "that he is great." Your editor talks to you every day. You read about the passing of some citizen, and the good things that are said, and endorse them. But who says them? Not the person who departed this life. No, it was the editor, but he remains in the background. But how soon you forget this little service! If you were to take your newspaper and go over it and pick out all the good things, that of which you approve, and were again to go through the same newspaper and gather the things of which you disapprove, what a big credit balance there would be on the approval side of the ledger! Men cannot agree on politics, some within their own party, and it is but natural that the newspaper cannot be endorsed by all.—Sheboygan Press.

There are three kinds of dollars, your dollar, the other fellow's dollar, and the public dollar. You manage your dollar, the other fellow watches his pretty closely, too; but nobody, it seems, pays much attention to the public dollar.—Appleton Post-Crescent.

Voice Of The People

SAY FARMER IS GOAT.
To the Editor of The Capital Times:
Following is one of the resolutions passed by the Voters and Tax Payers League, which shows how the farmer is made the goat when it comes to taxation:
"Members of the Voters and Taxpayers League, composed of 400 farmers and business men of the town of Brigham and the village of Barneveld, Dane county, in meeting assembled, do resolve that:
"Whereas there is a joker in the present state trunk highway law, which compels the farmer to bear the heaviest burden in the taxation for construction of the state trunk highways, with the result that tax levies for important local market highways are curtailed;
"And, whereas the traffic on most of our state trunk highways is 92 per cent foreign, interstate or inter-city traffic, and only eight per cent local or farm traffic;
"And where as, 88 per cent of the farmers of this state do not live near enough to any state highway to receive any benefit from them as a marketing highway;
"And whereas villages and cities must depend on the farmer to keep up the thousands of miles of secondary or local highways, which is so essential to their business interests;
"And whereas, in counties having large towns—for instance, the town of Linden, Iowa county, a farmer living on the Lafayette county border in said town would be compelled to pay a special benefit tax in addition to his full share of the county and state highway tax for any highway construction on trunk line No. 15 in said town, although said improvement would be some 11 miles distant, and could not be of any benefit as a marketing road.
"Therefore, be it resolved, that we request such discrimination, and petition our legislature through our representatives in senate and assembly, to use all honorable means to secure an amendment to section 1,314, by striking out paragraph 6 of said section 1,314, which authorizes the county board to levy back on the local units (the farmer) 50 per cent or \$1,000 per mile of the county's share of tax levy for state or federal aid highway construction.
"Resolved further that, whereas, the different county highway de-

At The Theaters

AT THE STRAND

ETHEL CLAYTON and WILLIAM BOYD in a scene from "A CITY SPARROW," A PARAMOUNT PICTURE.

At the Grand—Cinema thrills with plenty of laughter and a little sadness feature "Dinty" at the Grand this week. Marshall Neilan has outdistanced his previous picture productions, and Miss Marion Fairfax has released her best sob stuff for the little newsboy who is trying to keep the wolf from his Irish mother's door. A small lad, Wesley Barry—he of the freckles with Mary Pickford in "Daddy Long Legs"—is the featured player who carries "Dinty" through seven reels of regular heart stuff. "Dinty" gets plenty of opportunity to handle regular action stuff when he mixes up with Chinese opium smugglers. He is ably assisted by the little Ethel Clayton, who for some time past, has added to the merriment of the Harold Lloyd farces.
At the Strand—Ethel Clayton scored a triumph as an emotional actress in "A City Sparrow," her new Paramount starring vehicle which is now being shown at the Strand Theatre. The picture, which is based on a story by Kate Jordan, is a love drama filled with genuine heart throbs, and an ideal vehicle for the popular star. Ethel Clayton is supported by an all star cast including Walter Hires, Clyde Fillmore, and Helen Jerome Eddy. A Mack Sennett comedy "Great Scott" will be the added feature.
At the Orpheum—The management of the Orpheum theatre has arranged an exceptionally strong Vaudeville bill, starting tonight. Headlining the list will be seen Lee Rose and Kathryn Moon, in an effective routine of song and dance. Mr. Jess Sutton will be seen at the piano, in this act. Sharing headline position will be found "Any Home," a bulky good playlet, in which the characters are Mother, Father, Betty and Billy, the principal role having been entrusted to Katie Choate. Harry Adler and Rose Dunbar, in "A Study From Life," Billy Beard, the late star of Al G. Fields Minstrels, and billed as "The Party From the South" will oblige with songs and stories, while The two Misses, Elizabeth Otto and Eileen Sheridan, attractive, offer songs and music. Layton and Vesta, present something different, and the Kinogram and Topics of the Day pictures complete the program.

On The Side

TO W. G. H.

Dear Warren:
If you want to make a big hit, Right at the start-off Of your administration, Take a quiet little tip From a guy who isn't. After any job or sainted If you want to be sainted By a hard-riding people, The first thing you do, When you get into office, Take a large, heavy bludgeon And soak the Income Tax thing Right square on the bean And knock it out forever. It's a burden on the rich, It's a burden on the poor, And outside of that It's a damned nuisance. There are enough hold-ups Without the government Remaining in that business. Never mind the cabinet, The ambassadors or The league of nations. Give us poor ginks a chance To save a little something For our old age.

For the benefit of our readers, we are glad to announce that our long search for the solution of one problem which has been uppermost in the public mind for several years has been successful.
